Technical regulation for 500 + 1 kolo and 300 + 1 kolo races

Points are awarded in every 5th lap – 5, 3, 2, 1 points. Points at half of each stage and last points in stage are doubled. In the final fifth stage, the last (+1) lap yields double points too. In stages I – IV lap gained has bigger value than points gained. All riders who score a lap or points in given stage will get omnium points (see the Omnium points table). Furthermore, if more than 20 riders score a lap or points in a given stage, each of them will get additional 1 omnium point. Total of omnium points after the stage IV will set the rankings before the final stage.

In the final fifth stage, the points will be added omnium points achieved in stages I – IV. lap gained is awarded with 20 points, lap lost with -20 points. The overall winner is the rider with highest score of total points: omnium points from stages I-IV and actual points from stage V.

In the race 500+ 1 kolo, as of the stage II, the leading rider will wear the yellow jersey for the whole stage. Before the stage, the yellow jersey will be presented to the actual leader by the director of the race or by the main sponsor of the race. Thus, wearing a yellow jersey is prohibited for other riders.
