### **Technical regulation for UCI Class 2 races**

The points race and scratch is organized according to the UCI regulation, all registered participants can start. The elimination race is organized according to UCI regulation, only competitors who have at least one omnium point from the 500+1 lap (300+1 lap) race can start. Depending on the number of riders, the organizer can expand the starting field by other competitors.

### **Technical regulation for 500 + 1 lap and 300 + 1 lap races**

Points are awarded in every 5<sup>th</sup> lap – 5, 3, 2, 1 point. I. stage is run according to UCI regulation (gain of the lap +20 points, loss of the lap -20 points, only the last points doubles, etc.). Points at half of the II. to V. stage and last points in stage are doubled. In the final stage V, the last (+1) lap doubles points too. In stages I – IV lap gained has bigger value than points gained. All riders who score a lap or points in given stage will get omnium points (see the Omnium points table). Furthermore, if more than 20 riders score a lap or points in a given stage, each of them will get additional 1 omnium point. Total of omnium points after the stage IV will set the rankings before the final stage.

In the final stage V, the points will be added to omnium points achieved in stages I – IV, lap gained is awarded with 20 points, lap lost with -20 points. The overall winner is the rider with highest score of total points: omnium points from stages I-IV and actual points from stage V.

In the race 500 + 1 lap, as of the stage II, the leading rider will wear the yellow jersey for the whole stage. Before the stage, the yellow jersey will be presented to the current leader by the director of the race or by the main sponsor of the race. Thus, wearing a yellow jersey is prohibited for other riders.

### **Technical regulation for 220 + 1 lap, 130 + 1 lap and 100 + 1 lap races**

Points are awarded in every 5th lap – 5, 3, 2, 1 point. The last awarding of points in each stage doubles points. In the final fifth stage, the last (+1) lap doubles points too. Lap gained has bigger value than points gained. All riders who score a lap or points in given stage will get omnium points (see the Omnium points table). The overall winner is the rider with highest score of omnium points. In case of equality of omnium points after the last stage, the outcome will be settled based on the rankings of the last stage.

Table: Omnium points
